

MANAGALAS CONSERVATION AREA

SMALL-SCALE MINING SITE & MINER SURVEY

PURPOSE

This survey aims to understand small-scale mining activities, livelihoods, mining practices, environmental impacts, conservation concerns, and opportunities for safer and more sustainable mining within and around the Managalas Conservation Area. **This survey is specifically for the purpose of small scale mining in the Managalas Conservation Area and is not supposed to be for other purposes.**

CONFIDENTIALITY

Information collected will be used strictly for research, planning, training, and the development of appropriate approaches to sustainable small-scale mining and conservation.

SECTION 0: INFORMED CONSENT

Hello. My name is, representing the survey team. We are conducting a survey on small-scale mining in the Managalas Conservation Area. Your participation is voluntary, and all responses will remain strictly confidential. You may choose to skip any question or stop the interview at any time. The survey takes approximately 30–45 minutes.

☐ Respondent consents to participate

☐ Respondent declines to participate

Signature / Mark of Respondent:

Date:

SECTION 1: MINER PARTICULARS

NO.	QUESTION / INFORMATION REQUIRED	RESPONSE / OPTIONS
1	Survey ID	
2	Date	
3	Name of mining site	
4	Village / Community	
5	Ward / LLG	
6	Sex	☐ Male ☐ Female
7	Age	 years
8	Place of origin	
9	Current place of residence	
10	How long have you been involved in mining?	☐ Less than 1 year ☐ 1–5 years ☐ 6–10 years ☐ More than 10 years
11	Is mining your main source of income? <i>If no, what is your main livelihood?</i>	☐ Yes ☐ No Main livelihood:

SECTION 2: LAND OWNERSHIP AND ACCESS

NO.	QUESTION / INFORMATION REQUIRED	RESPONSE / OPTIONS
12	Who owns the land where you are mining?	☐ My own customary land ☐ Family/clan customary land ☐ Another clan ☐ Individual landowner ☐ Conservation Area ☐ Other:
13	Did you obtain permission before commencing mining?	☐ Yes ☐ No
14	Who gave you permission?	☐ Clan/landowner ☐ Community leader ☐ Government ☐ Mining company/lease holder ☐ Other:

15	Is there an agreement between the miner/mining group and the landowner?	☐ Yes, written ☐ Yes, verbal ☐ No ☐ Don't know
16	Do you pay the landowner for access to the mining area? <i>If yes, how?</i>	☐ Yes ☐ No If yes: ☐ Cash ☐ Gold ☐ Share of production ☐ Other
17	Have you experienced any disagreement or conflict over land or mining rights? <i>If yes, briefly explain:</i>	☐ Yes ☐ No

SECTION 3: MINING OPERATION

NO.	QUESTION / INFORMATION REQUIRED	RESPONSE / OPTIONS
18	What type of mining do you undertake?	☐ Labour-intensive / manual ☐ Semi-mechanised ☐ Mechanised ☐ Combination of manual and mechanised
19	What type of deposit are you mining?	☐ River gravel ☐ Riverbank ☐ Floodplain ☐ Terrace ☐ Hill/land alluvial ☐ Hard rock ☐ Other:
20	How long have you been mining at this particular site?	 years / months
21	How many people are involved in your mining operation?	Men: Women: Youth: Children:
22	Do you employ workers? <i>If yes, approximately how many?</i>	☐ Yes ☐ No Approx. count:
23	How are workers paid?	☐ Daily/weekly wages ☐ Fortnightly/monthly wages ☐ Share of gold ☐ Combination ☐ Other:
24	How many days per week do you normally mine?	 days
25	What equipment do you use?	☐ Gold pan ☐ Shovel/pick ☐ Sluice box ☐ Water pump ☐ Highbanker ☐ Trommel ☐ Metal detector ☐ Other:
26	Which equipment do you own and which do you hire?	Own: Hire:

SECTION 4: GOLD DEPOSIT AND PRODUCTION

NO.	QUESTION / INFORMATION REQUIRED	RESPONSE / OPTIONS
27	What type of gold do you mainly recover?	☐ Alluvial gold ☐ Fine gold ☐ Coarse gold ☐ Nuggets ☐ Gold-bearing hard rock/ore ☐ Combination
28	Approximately how much material do you process?	 shovels/day OR tonnes/day
29	Approximately how much gold do you recover?	 grams/day OR grams/week
30	Is gold production:	☐ Consistent ☐ Seasonal ☐ Highly variable
31	During which months is gold production usually highest?	

32	What are the main factors affecting your gold production?	☐ Water availability ☐ Gold concentration ☐ Weather ☐ Flooding ☐ Equipment ☐ Labour ☐ Access/transport ☐ Other
----	---	--

SECTION 5: GOLD PROCESSING AND MERCURY

NO.	QUESTION / INFORMATION REQUIRED	RESPONSE / OPTIONS
33	How do you process the material to recover gold?	☐ Panning/Sluicing/Gravity concentration ☐ Shaking table ☐ Trommel ☐ Crushing/grinding ☐ Mercury amalgamation ☐ Other
34	Do you currently use mercury?	☐ Yes ☐ No ☐ Previously used
35	If yes, where is mercury used?	
36	How frequently do you use mercury?	☐ Every day ☐ Several times per week / Occasionally ☐ Other:
37	Where do you obtain mercury?	
38	Do you burn gold amalgam?	☐ Yes ☐ No
39	Where is amalgam normally burned?	☐ At mining site ☐ At home / community ☐ Gold buyer's premises ☐ Other
40	Do you use a retort when burning amalgam?	☐ Yes ☐ No ☐ Don't know what a retort is
41	Have you received training on mercury-free gold processing?	☐ Yes ☐ No
42	Would you be willing to adopt mercury-free gold processing if suitable technology and training were available?	☐ Yes ☐ No ☐ Maybe

SECTION 6: OCCUPATIONAL HEALTH AND SAFETY

NO.	QUESTION / INFORMATION REQUIRED	RESPONSE / OPTIONS
43	Have you received mining health and safety training?	☐ Yes ☐ No
44	What are the main safety risks at this mining site?	☐ Pit collapse ☐ Landslide ☐ Drowning ☐ Falling rocks ☐ Mercury exposure ☐ Snake / insect bites ☐ Other
45	Have you or another miner been injured at this site?	☐ Yes ☐ No
46	What safety equipment is available?	☐ Helmet ☐ Safety boots ☐ Gloves ☐ Eye protection ☐ Ear protection ☐ Life jacket ☐ First-aid kit ☐ None
47	Do workers regularly use PPE?	☐ Always ☐ Sometimes ☐ Rarely ☐ Never
48	Is first aid available at the mining site?	☐ Yes ☐ No

SECTION 7: ENVIRONMENT AND CONSERVATION

NO.	QUESTION / INFORMATION REQUIRED	RESPONSE / OPTIONS
49	Does your mining operation require clearing of vegetation?	☐ No / minimal ☐ Some clearing ☐ Significant clearing
50	Does your mining activity disturb a river or stream?	☐ Yes ☐ No
51	Does your operation discharge muddy water into a river or stream?	☐ Yes ☐ No ☐ Sometimes

52	How do you manage mining waste / tailings?	☐ Backfill pits ☐ Store on site ☐ Discharge into waterway ☐ Leave on site ☐ Other:
53	What environmental changes have you observed as a result of mining?	☐ Deforestation ☐ Riverbank erosion ☐ Water pollution / turbidity ☐ Soil erosion ☐ Loss of fish ☐ Loss of wildlife habitat ☐ Abandoned pits ☐ None observed ☐ Other:
54	Are there important forests, rivers, wildlife habitats or culturally significant areas near your mining site?	☐ Yes ☐ No ☐ Don't know
55	Are you aware that the Managalas area has conservation objectives?	☐ Yes ☐ No
56	Do you believe your mining activities can affect the conservation objectives of Managalas?	☐ Yes ☐ No ☐ Unsure
57	What could miners do differently to reduce environmental impacts?	

SECTION 8: MINE-SITE REHABILITATION

NO.	QUESTION / INFORMATION REQUIRED	RESPONSE / OPTIONS
58	Do you rehabilitate the area after mining?	☐ Always ☐ Sometimes ☐ Rarely ☐ Never
59	What rehabilitation activities do you undertake?	☐ Backfill pits ☐ Replace topsoil ☐ Replant vegetation ☐ Stabilise riverbanks ☐ Restore drainage ☐ None
60	What prevents you from rehabilitating mining sites?	☐ Lack of knowledge ☐ Cost ☐ Lack of equipment ☐ Lack of time ☐ No requirement ☐ Other:
61	Would you participate in a mine-site rehabilitation programme?	☐ Yes ☐ No ☐ Maybe

SECTION 9: GOLD SALES AND MARKET ACCESS

NO.	QUESTION / INFORMATION REQUIRED	RESPONSE / OPTIONS
62	Where do you normally sell your gold?	
63	Who buys your gold? (include name)	☐ Local gold buyer ☐ Gold trader ☐ Company ☐ Other Name:
64	How far do you travel to sell your gold?	 km / hours
65	How often do you sell your gold?	☐ Daily ☐ Weekly ☐ Monthly ☐ When sufficient gold is recovered
66	How is the gold price determined?	☐ Buyer determines price ☐ Based on international gold price ☐ Negotiated with buyer ☐ Don't know ☐ Other:
67	Is your gold weighed and tested before sale?	☐ Yes ☐ No ☐ Don't know
68	Do you receive a receipt or record of your gold sale?	☐ Always ☐ Sometimes ☐ Never

69	What are the main difficulties in accessing gold markets?	☐ Distance ☐ Transport cost ☐ Lack of buyers ☐ Low prices ☐ Lack of information ☐ Security ☐ Other:
----	---	--

SECTION 10: FORMALISATION AND MINING ASSOCIATIONS

NO.	QUESTION / INFORMATION REQUIRED	RESPONSE / OPTIONS
70	Is your mining operation formally registered/licensed? <i>If No, would you like to be part of an Association?</i>	☐ Yes ☐ No ☐ Application pending ☐ Don't know If No: Would like to join association? ☐ Yes ☐ No
71	Do you belong to a mining association or cooperative? <i>If yes, name:</i>	☐ Yes ☐ No Name:
72	What type of association is it?	☐ Mining association ☐ Cooperative ☐ Landowner association (ILG) ☐ Community-based organisation ☐ Other:
73	What benefits do you receive from the association?	☐ Training ☐ Market access ☐ Equipment ☐ Finance ☐ Advocacy / representation ☐ Other:
74	If you are not formally registered, what is the main reason?	☐ Don't know how to register ☐ Cost ☐ Distance ☐ Licensing process is difficult ☐ Land ownership issues ☐ Lack of information ☐ Do not see the benefit ☐ Other
75	Would you be interested in joining/forming a recognised mining association or cooperative?	☐ Yes ☐ No ☐ Maybe

SECTION 11: SOCIAL ISSUES

NO.	QUESTION / INFORMATION REQUIRED	RESPONSE / OPTIONS
76	Has mining created any conflicts in the community?	☐ Yes ☐ No
77	What are the main social issues associated with mining?	☐ Land disputes ☐ Disputes over gold / income ☐ Disputes between miners and landowners ☐ Family / community conflict ☐ Alcohol / drug-related problems ☐ Safety / security problems ☐ Other
78	Have you been robbed or your gold stolen?	☐ Yes ☐ No If yes, details:
79	Has mining affected traditional livelihoods such as gardening, hunting or fishing?	☐ Positively ☐ Negatively ☐ Both ☐ No significant effect
80	Does mining provide important benefits to your household/ community? <i>If yes, what are the main benefits?</i>	☐ Yes ☐ No

SECTION 12: TRAINING AND AWARENESS

NO.	QUESTION / INFORMATION REQUIRED	RESPONSE / OPTIONS
81	Have you received any formal training related to mining?	☐ Yes ☐ No

82	If yes, what training have you received?	☐ Mining methods ☐ Gold processing ☐ Mercury management ☐ Health and safety ☐ Environmental management ☐ Mine rehabilitation ☐ Business / financial management ☐ Other:
83	What training do you most need?	☐ Improved mining methods / Gold recovery ☐ Mercury-free processing ☐ Occupational health and safety ☐ Environmental management / Rehabilitation ☐ Business management / Gold marketing ☐ Formalization / licensing ☐ Conservation ☐ Other:
84	Would you participate in practical training at your mining site?	☐ Yes ☐ No ☐ Maybe

SECTION 13: MINER'S VIEW ON MINING AND CONSERVATION

NO.	QUESTION / INFORMATION REQUIRED	RESPONSE / OPTIONS
85	Before this interview, were you aware of the conservation goals of the Managalas Conservation Area?	☐ Yes ☐ No ☐ Somewhat
86	In your opinion, can small-scale mining and conservation exist together?	☐ Yes ☐ No ☐ Unsure
87	What changes would be needed to make mining more environmentally sustainable in Managalas?	
88	If mining is found to be damaging important conservation areas, which option would you prefer?	☐ Stop mining in sensitive conservation areas ☐ Move mining to designated areas ☐ Continue mining with stronger environmental conditions ☐ Continue mining using improved/sustainable methods ☐ Develop alternative livelihoods ☐ Combination of the above ☐ Unsure
89	Would you be willing to change your current mining practices to help achieve conservation goals?	☐ Yes ☐ No ☐ Maybe
90	Which changes would you be willing to make?	☐ Reduce forest clearing ☐ Avoid sensitive areas ☐ Avoid mining directly in rivers ☐ Use mercury-free processing ☐ Improve tailings management ☐ Rehabilitate mined areas ☐ Use safer mining methods ☐ Reduce size & intensity of operations ☐ Move to designated mining areas ☐ Other
91	If sustainable mining methods, training, equipment and market support were available, would you prefer to:	☐ Continue mining using sustainable practices ☐ Reduce mining and develop other livelihoods ☐ Stop mining ☐ Continue mining as currently practiced ☐ Unsure

SECTION 14: FINAL COMMENTS

NO.	QUESTION / INFORMATION REQUIRED	RESPONSE / OPTIONS
92	What is the most important support you would like from government, SAMS, CIFOR-ICRAF, MCF, conservation organisations or other partners?	

93	What message would you like to give to organisations working on conservation and mining in Managalas?	
----	---	--

ENUMERATOR'S OBSERVATION		
ITEM	RESPONSE / OPTIONS	ENUMERATOR'S NOTES
Overall mining intensity	☐ Low ☐ Moderate ☐ High ☐ Very high	
Overall environmental concern	☐ Low ☐ Moderate ☐ High ☐ Very high	
Site GPS recorded	☐ Yes ☐ No	Lat/Long:
Photographs taken	☐ Yes ☐ No	Photo IDs:
Enumerator's additional comments
